# Welcome to our tenth beer festival

A huge welcome to our 10th Beer Festival - last year we had our most successful Festival ever. Since 2013, we have raised over £80,000 for local good causes. Our quarterly grants scheme affords a wide variety of organisations an opportunity to apply for funding including youth choirs, football teams, scout groups, schools and many more. This year, we have helped fund defibrillators in our local communities and supported the wonderful Cornwall Air Ambulance service. None of this would be possible without your support and we are very

grateful to everyone - those that return year after year and those who are attending for the first time - which hopefully won't be your last time! The Festival is a huge commitment for all the members of our club and wouldn't be possible without the support of our great local community - from fellow Lions Clubs, sponsors and musicians who all provide their services to us with no charge. I would like to thank everyone involved. We can't do this without you all and we are extremely grateful. I hope you all have a wonderful weekend of fun.

Thank you!
